About Us

B&R VENTURES is a dedicated Indian brand committed to providing cost-effective, high-quality packaging solutions for the FMCG sector, Pharmaceutical, Rigid Packaging, Flexi Packaging, R-PET and all types of Industrial Equipment. Huihe India has long-standing relationships with major OEMs, enabling seamless manufacturing through dependable and timely deliveries.

Our dedicated team in India specializes in:

- **SALES** - With a strong pan-India presence, our sales professionals ensure, economical solutions, timely response, solution-oriented consultations, and seamless coordination with after-sales teams for end-to-end client support.
 - » **Project Evaluation:** – Comprehensive assessment of client needs like feasibility report, site survey, project consultation and production goals.
 - » **Customized Product Design:** – We design the product that is Tailor-made to suit specific product, primary packaging, and line requirements.
 - » **Production Upscale:** – Our team helps you to upgrade the existing lines and implement systems to improve line efficiency.
- **AFTER-SALES**
 - » **Installation & Commissioning:** – Our expert team ensures seamless handling from material unloading to production start-up, all within the committed timeline.
 - » **Technical Training & Support:** – We provide comprehensive training to technical staff and operators to ensure smooth and efficient operations.
 - » **Spare Parts:** – We provide quick delivery with our readily available spare parts Inventory in Bangalore to minimize downtime.
 - » **Service and Tailored AMC Scheme:** – B & R offers structured Annual Maintenance Contracts and responsive service plans to ensure consistent performance, reduced breakdowns, and long-term equipment reliability.

PREFORM MOLD

Specification

32 cavities, 48 cavities, 56 cavities,
72 cavities, 96 cavities, and 144 cavities

Neck Finishes

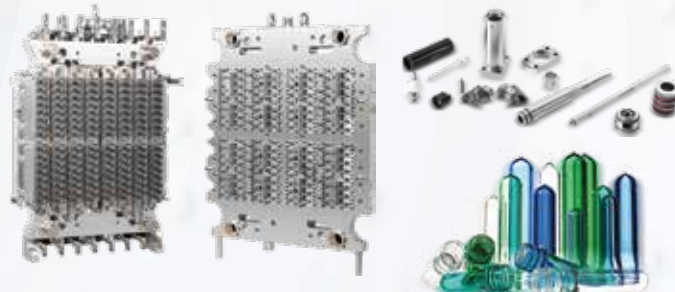

1716, 1810, 30/25, 1881, 29/25, 26/22, 25/22 and 38mm.

Compatible with

Different brands of Preform Injection Molding Machine such as HUSKY, UNIQUE, NETSTAL, KATA, MILACRON, HAITIAN, SHIBAURA, etc.

Application

Beverage packaging such as Water, Juice, and Tea Drinks. Edible Oil, Condiment, and Soya Sauce. Cosmetic, Health-Care products, Pharmaceutical, and Food.

CAP MOLD

Specification

One-piece cap and two-piece cap

Neck Finishes

Different specification such as 26mm, 28mm, 29/25, 30/25, and 38mm

Cavities

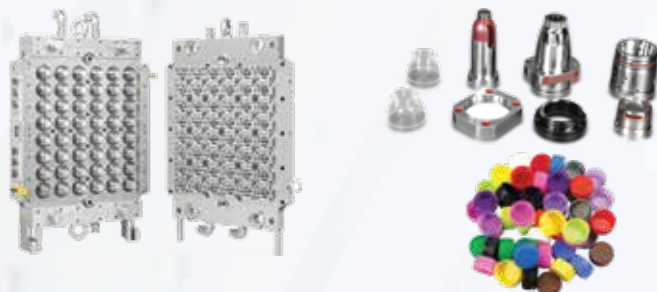

From 12 to 72 cavities.

Compatible with

Different brands of Cap Injection Molding Machine and CCM Machine (SACMI)

Application

Beverage packaging such as Water, Juice, and Tea Drinks. Edible Oil, Condiment, and Soya Sauce. Cosmetic, Health-Care products, Pharmaceutical, and Food.

BLOW MOLD

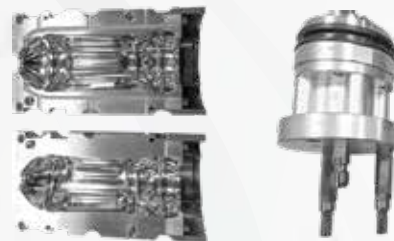

Compatible with

- Different brands of two-step blow molding machines such as TOFFLON HUIHE, SIDEL, KRONES, SIG/KHS, TECH-LONG, and NEWAMSTAR
- Different brands of one-step blow molding (ISBM) machines such as SIPA, ASB, and AOKI.
- PET containers for beverage industry such as water bottle, CSD bottle, HR bottle, and aseptic bottle
- Various containers for the industry of food, edible oil, condiment, cosmetic, toiletry product, and pharmaceutical

Hot Fill Blow Mold

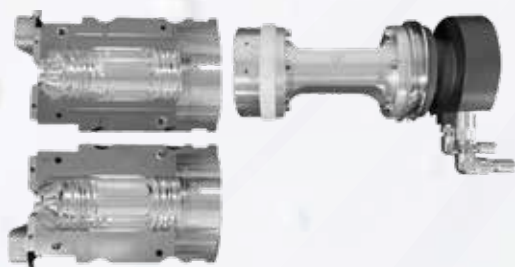

Suitable for molding bottles for soft drinks, tea drinks, milk, and other functional beverages.

Technical Parameter

Applicable machines	SIDEL	Application	SIDEL Machine
Capacity range	100ml - 2000ml	Capacity range	100ml - 2000ml
Material	The mold cavity is made of stainless steel, and the bottom mold base is made of aluminum alloy A6061.	Material	Stainless steel

Cold Fill Blow Molds - For Krones Machines

Suitable to molding Water , CSD and Aseptic Bottles.

Technical Parameter

Applicable machines	KRONES	Application	KRONES MACHINE
Capacity range	100ml - 2000ml	Capacity range	100ml - 2000ml
Material	Cavity part ALCOA A6061, bottom die part Aluminum alloy A6061	Material	ALCOA A6061

Cold Fill Blow Molds - For KHS Machines

Suitable to molding Water , CSD and Aseptic Bottles.

Technical Parameter

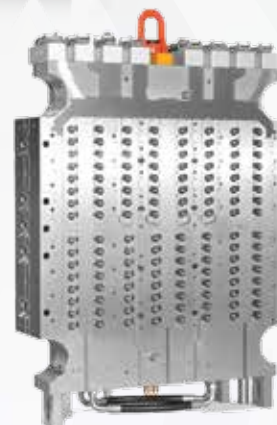

Applicable machines	KHS	Application	CBE MACHINE
Capacity range	100ml - 2000ml	Capacity range	100ml - 2000ml
Material	Cavity part ALCOA A6061, bottom die part Aluminum alloy A6061	Material	ALCOA A6061

HOT RUNNER SYSTEM

Specification

Up to 144 cavities for preform injection hot runner and 96 cavities for closure injection hot runner.

Compatible with

Different brands of preform injection machines including HUSKY, NETSTAL, KM, SIPA, etc. and various brands of closure injection machines.

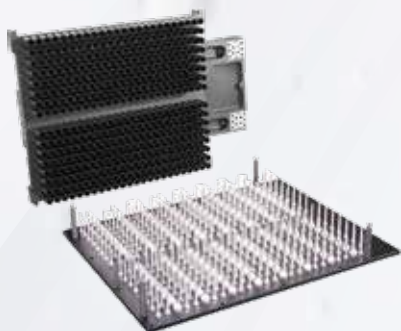

ACCESSORIES

Adapters are available for

Blow molding machine personalized parts: Personalized parts required for bottle mouth modification, bottle shape and capacity change

Individual parts related to bottle shape and preform optimization: Conversion parts for the same blowing mold used in different blowing equipment;

Blow molding machine equipment parts: In order to cooperate with customers to accelerate the launch of new products and provide personalized parts for one-stop service.

Manipulator module

Conversion Parts 1

Clamping Base

Mold Shell 1

Mold Shell 2

Blowing Gun

HIGH PRECISION MOLD BASE MANUFACTURING

Seiko manufacturing, creating extraordinary quality

Precision, efficient and flexible intelligent mechanical processing equipment, creating high-quality, high-tech, high-precision extraordinary products.

TAILOR-MADE SOLUTION

FOR MAINSTREAM INDUSTRIAL PET MACHINES

- New Molds
- Specialized Molds
- Technical Support
- New Hot Runners
- Mold Conversions
- Mold Refurbishing
- Take-Off/PMC-Units
- Spare Parts Supply
